Home School Internacional has its own kitchen facilities and a wonderful cooking team. All our menus are based on healthy, local and organic products, and we're making them attractive and appealing to our students. The morning snack is taken at the 10.30 break. The students will bring their own snacks from home.

The afternoon snack (in case of students with extended hours) is taken at 4.45 pm approx. The students will bring their own snacks from home.

The students can wear comfortable summer clothes. The use of the School uniform is not compulsory in this case. Our school students can wear it though, if they wish to.
